---

A letter from our Owner and Pompilios Wine Club Founder, Mike Mazzei...

Greetings:

Are you Wine Curious? I was.

As the Owner of Pompilios, I have been given the opportunity to sample many interesting wines. And over the years I've evolved from wine curious to a wine enthusiast. In fact, today my wife and I plan a good deal of our travel around visiting wine producing regions.

I've come to realize that we at Pompilios have a great opportunity to share with those who are either wine curious or a wine enthusiast.

We can combine our access to many of these interesting wines with our Package Liquor License to introduce you to wines from around the world at attractive prices. Of course, we will start with featuring Italian wines.

Register for our Wine Club and you will receive:

- Email communications on all upcoming wine offerings
- Access to Wine Club featured wines, not available on our restaurant wine menu
- Priority registration for our limited seating wine dinners and wine tastings

To give you an idea, I am currently working to arrange for an Owner of a small family winery in the Umbrian Region of Italy to visit us in February. He will join us for a wine dinner where he will tell us about his wines and we will sample along with a paired menu from our kitchen.

Registering for our Wine Club comes with no commitment. You can participate as you see fit.

Please join us,

*Mike Mazzei*
